Open House - Sunday, August 6, 11 AM-2PM
- HAS BEEN CANCELED. Whether looking for a weekend get-a-way or full time living, this beautiful move-in ready home is calling you. From the almost 1400 SF, 3 bedroom, 2 bath home and the newly built oversized 2 car garage, it will be hard to decide if you should enjoy a cup of coffee on the patio of this immaculately landscaped property or either hike Bash Bish Falls, bike the Harlem Rail Trail or explore the Copake Falls Iron Works- all minutes away. The primary bedroom suite has direct access to a stone edged crushed pebble patio and the bedroom itself has been completely redone in the last year. The eat-in kitchen has plenty of cabinet space along with additional pantry storage including washer/dryer. The living room is bright with an abundance of natural lighting and also has direct access to gardens on the side of the house. Two additional bedrooms complete the interior space. The mechanical systems, roofing and siding are all less than five years old, and the well has a new softening and filtration system. The garage can be used to park cars, converted to a studio, gym or home office, or with approval, additional living space. Slightly over three quarters of an acre, the rear yard offers privacy, open lawns and mature trees. A second custom shed can be used for garden storage or any other creative use. Close to Hillsdale, Millerton, points east in Massachusetts and Catamount Ski. Only 30 minutes to Hudson or to the heart of the

Berkshires. Listen to the calling and come discover Copake Falls.
