3 Bedroom, 1.00 Bathroom, 1,672 sqft
Residential on 6 Acres

N/A, Woodstock, NY

Tucked away on 5.67 acres, this Woodstock home is graced with a dramatic view of the open field once you enter the property. The cape/cottage style house has a fabulous glassed in porch overlooking the field and woods beyond. The open floor plan includes a cozy and inviting living room with propane fireplace/stove for heat and ambiance and an open kitchen/ dining area. Beyond that is an office or library/den space which leads to a very large bedroom. Flexible spaces throughout the main floor could accommodate an office or workout space with a separate entrance instead of a bedroom, or an additional family room space since there are two bedrooms upstairs as well. Awaiting your vision, the house will need some updating but is a great and affordable investment opportunity on a pretty spectacular piece of property and in a great location. 5 minutes to Woodstock Village, 15 minutes to Saugerties or Kingston,, close to skiing, hiking and biking trails. House is being sold as is.
