Residential on 0 Acres

N/A, Saugerties, NY

Spacious cape with over 2,300 square feet of living space, four bedrooms and two full baths! Upon entering the home, the cozy living room grabs attention with its bright atmosphere and brick fireplace which previously had wood insert that has been removed. Liner remains for easy installation of a new wood or gas insert or, with modifications, the flue can be used for a fireplace. The living room seamlessly flows into the dining area and kitchen, which makes for easy entertaining! The kitchen has been updated with stainless appliances and also includes a walk-in pantry and breakfast bar. The dining area has French doors which lead out to the large deck and back yard. Off the dining area is a large multi-purpose space that could be used as a playroom or entertainment room. Closets in the family room conveniently house the washer and dryer, and with a full bath and two bedrooms on the first floor, one-floor living is possible. The second floor features two more bedrooms and a full bath, as well as a bonus room off the primary bedroom that could be used as an office, workout area, or even a walk-in closet. Additional features of the home include central AC, shed with electric, and whole-house HEPA filter. The village of Saugerties is close by with Cantine Field Complex, Farmer's Market, and lots of fun restaurants, shops and movie theatre. Just five minutes to the NYS Thruway and an easy drive to skiing at Hunter and Windham Mountain.
