Welcome home to this stunning 1 bedroom, 2 full bath condominium in a historic Kingston building. Perched high on the hill of W. Chestnut St, surrounded by the most beautiful colonial homes, sits the Ulster Academy Lofts. Originally built in 1870, this building was once upon a time the largest school in all of Ulster County hosting 900 students. In 2005, this building was reimagined into the condominiums that we see today. This first floor unit, is the second largest in the building with 1833 sq. ft. of living space. This home has a very large den with custom built ins that can easily be used as a second bedroom, guest room or home office, and the bluestone patio gives seasonal views of the gorgeous Hudson Valley. 10ft vaulted ceilings throughout and an open concept, gives this unit a sense of serenity and peace. A clean, natural gas fireplace warms the living and dining rooms and the large windows offer natural light throughout the day. The spacious kitchen boasts beautiful black quartz countertops, stainless steel appliances, dish washer and a gas range. The kitchen opens to the dining room, giving you a breakfast counter perfect for serving and entertaining your guests. The blackboard in the entryway, gives homage to the school that once stood in its place. The common rooftop patio with a grilling area, gives you additional entertainment space with an elevator for easy access.
