If you're looking for a worth while project this property is for you! Lot's of Living Space and a Great/Convenient Location are just a couple of the reasons why. You'll appreciate the Large, front to back, Open Living and Dining area with a Stone Fireplace and Hardwood Floors. A Kitchen, Three Bedrooms (again, with Hardwood Floors) and a Full Bath round out the upper level. The Lower Level offers more Living Space in the form of a Family Room with a Brick Hearth ready for a Woodstove, a large Laundry area and Utility Room. You can fit two full size vehicles in the garage! There's a lot to be done here but a relatively recent Architectural Shingle Roof (approximately 8 years young) will keep you dry while you work. And the 200 Amp Electric Service will provide plenty of juice for your tools!
