Residential on 0 Acres

N/A, Cold Spring, NY

Right on Main Street in the charming village of Cold Spring sits this bright and cheerful Victorian. With soaring ceilings and tons of natural light, this classic home has been reimagined by the current owners to breathe new life into a traditional style. Original details like never-painted trim work, handblown glass windows and solid oak flooring are playfully paired with bright colors, pop art and textural handmade glass tiles. Downstairs the open concept is surprising for a house of its age, and each room flows gracefully into the next through large openings trimmed with handsome woodwork. The new kitchen features a propane stove and full pantry, and the sink overlooks a sizable, sunny backyard. A turned mahogany staircase leads you upstairs, where the classic layout offers three large bedrooms and a full bath with storage throughout. A quick walk from Metro North and a short 90m ride into the city, this playful home is perfect for weekend or full-time use and is in the Cold Spring school district.
