Warm and welcoming and surrounded by nature. This peaceful retreat has been built with love and you feel it the moment you walk in the door. Beautiful solid oak floors with a warm spice finish, vaulted spruce and pine wood ceiling with hemlock beams from the property, an abundance of windows that flood the space with sunlight and french doors out to your private deck. The gourmet kitchen is a chef's deliight with custom cabinets, granite countertops and top of the line appliances all overlooking your charming fireplace. An inviting screened porch just off the kitchen is perfect for that morning cup of coffee or dining al fresco. The living space is an open concept, with a more private sunroom for a library or quiet room. Two beautiful bedrooms. A spacious primary bedroom has a view of the tall pines in the rear of the property. Like the rest of the house it is well designed with generous closet and storage space. You will love your private bath complete with a double vanity, shower for two, and handmade cherry bench for company while you relax in the European soaking tub.   A smaller room is quite private from the rest of the house would be great as playroom or office space. The well designed laundry room has lots of space, shelves, cupboards and folding table. You will love the entry mudroom with cherry benches and lots of closets and storage for your toys! Kind of perfect! Located just 10 minutes from the village of Woodstock, close to Kingston, Phoenicia, skiing at Hunter and Belleayre,

restaurants and all we love in the Hudson
Valley!
