N/A, Ellenville, NY

Envision your morning coffee, enjoying beautiful sweeping ridge views all year long, right from your front porch. That is just one of the many features that come with this beautifully updated 3-bedroom, 2.5-bathroom townhome. A turn-key corner unit, with a ton of natural light, boasts an open layout on the main level that consists of a half bath, fully updated kitchen with brand new appliances, a walk-in pantry, dining room, and living room. All new carpeting and vinyl waterproof flooring have been installed from the main level to the second floor, as well as fresh paint throughout the entire home. Sliding glass doors, located off the dining room, lead to an upgraded patio with privacy walls, creating an intimate and cozy back yard escape. Taking a walk back through the main level and up the stairs to the second floor, you will find 3 nicely sized bedrooms with full-sized closets. The master bedroom features a large closet, linen closet, and an ensuite with a double sink vanity, vanity desk, small linen closet, and a stand-up shower. An additional full bath is located off the hallway, featuring a single sink vanity and shower-tub combo. Across from the bathroom, you will find a stacked washer-dryer cubby that gives you ease of access when it comes to one of the most tedious of chores. No running up and down two flights of stairs with large, heavy laundry baskets! Moving back down to the main level, descend an additional flight of stairs to the semi-finished basement, which has ample storage space for your seasonal

items and storage bins. From the basement, enter into the very large 1-car garage, measuring 12'w by 24'. As with the rest of the home, the garage provides plenty of storage space, so there is no shortage of room for your automotive and outdoor tools. A key feature of this townhome is the ease of outdoor care, a convenience provided by the Home Owners Association. Landscaping, snow removal, and garbage are all covered by the HOA, allowing you more time to focus on all of the beauty the Hudson Valley and Village of Ellenville have to offer. This home is located at the top of a large, winding picturesque hill, giving the feel of being tucked away, but having all of the perks of being a short walk from the heart of the village, where you will find a variety of restaurants, shops, theatre, day spas, salons, an ice cream stand, hiking and walking trails, and the locally famous pharmacy and bakery that have been in operation since the late 1800s and early 1900s, respectively. Even more attractions can be found just a short drive from this home including large chain grocery, small town grocery, a farm stand and creamery, local hospital, Lippmann Park featuring one of the largest mountain biking courses in the state, Minnewaska State Park, roller skating rink, and so much more!
