3 Bedroom, 1.00 Bathroom, 1,425 sqft
Residential on 0 Acres

N/A, Kingston, NY

A gem of a house straddling Uptown and the Midtown Arts District. The best of Kingston is just steps from your door, whether restaurants, music venues, shopping, groceries, or bus service around town or region. The large living room has exposed beam ceilings and large fireplace (not functioning, but eye catching). There are pressed tin ceilings in dining area, beside a kitchen with breakfast bar and recent stainless steel appliances. The upstairs landing is a furnishable play space at the hub of three bedrooms and an updated bath. There are bluestone walks in front of the house and stone stoop in back, welcoming you to a fenced yard with lovingly tended raised-bed gardens. Listing agent has financial interest in this property.
