5 Bedroom, 4.00 Bathroom, 2,496 sqft
Residential on 0 Acres

N/A, Highland, NY

Expansive 2500 sq. ft. house offers versatile living spaces with 4-6 bedrooms, 4 full baths and just steps from the Hudson Valley Rail Trail and the quaint Hamlet of Highland. This was originally a 3 bedroom, 2 bath modular ranch and in 2013, a complete second story was added to transform this to a lovely, "like new" home with tons of curb appeal. The original main bedroom on the first floor with ensuite bath is ideal for guests or possibly an in-law suite. The other two first floor bedrooms can be used for an office, den, exercise room, etc. The huge main bedroom on the second floor has a custom walk-in closet, ensuite bath with double sinks and a laundry room just outside the door for ultimate convenience. Nice yard with a deck and above ground pool. With easy access to the New York Thruway, Mid-Hudson bridge, schools and shopping, this is a must see.
