Contemporary living in the heart of the Hudson Valley! Sited on a quiet cul-de-sac just a short walk to historic Hudson's Warren Street., this completely "new build" low maintenance home offers 3 bedroom, 3.5 bath home with high vaulted ceilings, open floor plan, wood & polished concrete floors, modern ceiling fans & 2-zoned climate controlled central heating & air conditioning. As you walk through the floor door you're greeted by a massive wall of windows as a back drop to the breathtaking sunsets off in the distance that you'll enjoy every evening. The upper level flows seamlessly from your living / dining areas with half bath for guests to the gourmet kitchen that features F. Bertazzoni Italian stainless steel appliances. Also there's a first floor bedroom with a walk-in closet and en-suite new bath with large walk-in shower. As you take the lighted stairs down you enter a massive family room, set up for an additional kitchen or wet bar, with French doors leading outside and 2 bedrooms both with new baths. The house is much larger than it appears from the front street view. The property with some landscaping could easily be made very private and there's more than enough room for a pool, hot tub & patio for entertaining your family and friends in style all year long. Rarely does a home of this caliber that's totally move-in ready, come on the market. Lastly, the driveway and yard have no curbs or stairs and the interior has wide door frames making wheel chair maneuverability manageable, if

required. Just 2 hours north of NYC, 5 minutes to Hudson's Amtrak station, 15 minutes to the Taconic Pkwy & New York Thruway. Schedule your showing now, you won't be disappointed.
