\$1,200,000

4 Bedroom, 3.50 Bathroom, 3,500 sqft
Residential on 74 Acres

N/A, Esopus, NY

Centrally located, but wonderfully removed, and impeccably private! Large acreage, midway between Kingston & New Paltz, high atop a ridge and far from the road, with panoramic views of the mountains! Delightfully textured land with ridges and hills, meadow and glen, bordered by hundreds of acres of Scenic Hudson forever preserved land! Ready to go with underground electric service, installed well and septic! The home was started, but never completed, the design with truly beautiful windows taking advantage of the panoramic view on one side, and providing a visual portal into the forest on the other! The home has roughed in plumbing, and complete electric, in place! Closer to the road are three potential building sites, for subdivision approval, while maintaining the privacy and seclusion of this premium building site.
