Residential on 3 Acres

N/A, Greenfield Park, NY

Welcome to your very own cozy retreat in the woods! This lovely cottage on 2.5 acres of lush forest is the perfect escape from the hustle and bustle of everyday life. The cottage itself is small but mighty, with all the amenities you need, including a full kitchen, cozy living room with a wood fire stove, and a comfortable bedroom. There is a loft space that can be made into an office or additional sleeping space. The real magic of this property, however, begins at the screened in back deck. Take in the sound of the rushing stream at the foot of the property. The porch has a queen size bed and a living/dining space set up currently where you can enjoy the views and sounds of nature. Just outside the screened area is a path to an outdoor shower. Stroll through the woods down to the stream with plenty of space to roam and enjoy. Less than 10 minutes to Ellenville or Mountaintale for great dining, shopping and community.
